7 Principles of Unitarian Universalism

Affirm & Promote:

The inherent worth and dignity of every person;

Justice, equity and compassion in human relations;

Acceptance of one another and encouragement to spiritual growth in our congregations;

A free and responsible search for truth and meaning;

The right of conscience and the use of the democratic process within our congregations and in society at large;

The goal of world community with peace, liberty, and justice for all;

Respect for the interdependent web of all existence of which we are a part.

The Mission Statement Committee has drafted the following for the Congregation's consideration. Ideally a mission statement is something a congregation can insert into its order of service, say in unison at services, and use to define our organization to outsiders.

Here is the Committee's draft Mission Statement:

We, the Marquette Unitarian Universalist Congregation, are

Bound Together By a Core Belief in the Power of Love; and are

Committed to Building Beloved Community.

We Care for, Nurture and Support the Spiritual Growth of One Another;

We Share Reverence for our Natural Environment and are Dedicated to the

Respectful Stewardship of the Earth; and

We Work Together to Bend the Moral Arc of the Universe toward Justice.

The congregation is invited to offer feedback, reactions, suggestions, proposed edits, etc. on this proposal. Comments may be submitted via email to g.g. gordon, plumskiter@gmail.com, or to g.g. or Nancy Sullivan in person. An upcoming Adult Forum dedicated to a discussion of the proposal will be scheduled. Any and all input is invited and welcome.

THANK YOU!
